Career Objective

Motivated and detail-oriented Data Science student seeking opportunities to apply programming, analytical, and problem-solving skills to real-world projects while contributing to organizational growth.

Education

Bachelor's Degree in Data Science

Geethanjali College of Engineering and

Technology Year of Graduation: 2027

CGPA: **8.45**/10

12th Grade

Narayana Junior College

Year: 2023

Percentage: **98.4%**

10th Grade

SR DIGI High School

Year: 2021

Percentage: **10 GPA**

Technical Skills

Programming Languages: Java, C, Python.

Web Technologies: HTML, CSS, JavaStript

Frameworks/Tools: Maven, Spring

Databases: MySQL, MongoDB

Concepts: OOP, Data Structures & Algorithms

Project

Research RAG Chatbot

Developed an **AI-powered chatbot** that leverages **Retrieval-Augmented Generation (RAG)** to answer user queries based on uploaded research documents. The system retrieves relevant context from documents and generates accurate, human-like responses using Large Language Models (LLMs).

Experience

Data Science Intern

Mar 2025 - May 2025

1. Analyzed data sets to identify trends and patterns for project support.
2. Implemented Python decorators and generators to improve code efficiency and modularity during AICTE Data Science internship.
